Assistant Commissioner for Patents
Washington, D.C. 20231

S I R:

In accordance with the duty of disclosure imposed by 37 C.F.R. § 1.56 to inform the Patent and Trademark Office of all references coming to the attention of each individual associated with the filing or prosecution of the subject application, which are or may be material to the patentability of any claim of the subject application, Attorneys for Applicants hereby direct the Examiner's attention to the references AF-AG listed on the attached form PTO/SB/08A.

Copies of references AF-AG were cited by the Examiner in connection with United States Patent Application Serial No. 09/263,626, filed March 5, 1999, to which the instant application claims priority under 35 U.S.C. § 120. Pursuant to 37 C.F.R. § 1.98(d), the Examiner is directed to the file of United States Patent Application Serial No. 09/263,626 for copies of references AF-AG.

Identification of the listed references is not to be construed as an admission of any individual associated with the filing or prosecution of the subject application that such references are available as "prior art" against the subject application.

Furthermore, Applicants do not waive any rights to appropriate action to establish patentability over any of the listed documents should they be applied as references against the claims of the subject application.

Applicants respectfully request that the Examiner review the listed references and that the references be made of record in the file history of the application.

Please charge the required fee of \$240.00 to Deposit Account No. 08-3425. A duplicate of this paper is enclosed.

Respectfully submitted,

Dated: 01/05/01
